

Since the 1950's Guidosimplex has maintained its endeavour to offer quality products and technical assistance to its Installers and End Users globally. Working closely with leading car manufacturers in order to ensure that our products coexist and function in complete harmony with modern vehicles.

We are honoured to have received a "Quality Certificate" from STELLANTIS, recognising our expertise and professional approach as both a manufacturer and converter, this recognition is applicable here in Italy and across the STELLANTIS Global Network.
